ONE CAUSE.

In these days of so much talk about the high cost of living it is well to remember that the public judges both food and clothing largely by the eye. Green colored apples are difficult to sell, even when of fine quality, but a red apple will usually bring a good price, even though the actual flavor may be little better than a turnip. According to investigations the big profits are made on fancy footware, on flimsy frills. Rice, in order to make it attractive, has to be coated with glucose and powdered talc, by which it gets its fine gloss. Butter must be yellow to please the purchaser and is therefore, frequently colored with a yellow dye. The public demands wheat flour in as white a form as possible, hence it has to be bleached to remove its natural yellow tint. All this catering to the eye costs money while the comfort, wholesomeness and durability are lost sight of. But since we are slaves to custom and style we go right along paying the piper and allowing him to call the tune. This is one of the many causes of the present situation which is too often overlooked.

A GOOD MOVE.

Reports from Ottawa would indicate that the Dominion government intends to put it up to the provinces individually to say whether or not they want the present prohibition system continued.

The laws under which we are now living in this respect are partly provincial made and partly Dominion made laws.

While none will deny that the present system is a vast improvement over the old days of the bar room, yet there is no doubt that the several loop-holes in the laws make them more or less of a farce. They have been so elastic that in some instances responsibility for them has been shifted from provincial to federal governments and vice versa.

Now it appears that the federal government is going to take the step which will put it up to the people of each province to say just what they do want in this regard. The move is a good one and should ultimately solve a few knotty questions in this matter.

INTER-CHURCH MOVEMENT.

One of the most significant signs of the times is the movement among the churches of Canada for advanced program of expansion. As a result of a series of conferences, an inter-church movement has been definitely decided upon, known as the United National Campaign, comprising several of the most communions in the Dominion, which will unite in a nation wide spiritual awakening, a new challenge to service and a higher degree of stewardship.

The program of the inter-church movement involves on its practical side the raising of a Peace Thank Offering of \$15,000,000 in a united nation-wide appeal drive, to further equip and extend the work of the co-operating churches at home and abroad, to raise the standard of stipends for the ministry, and in

every way to place the church on a better basis. The big drive will be held in February next. This illustration of co-operation on such an extensive scale cannot but strike the imagination of the entire country, quite apart from the denominations immediately concerned, and affords striking evidence that the churches are alive and alert to the needs of a new day.

This movement is known as the "Forward Movement," and, as no doubt, the churches' way of doing her bit in this great reconstruction period. It has been said that in the stress and strain of the Great War, Canada found her soul. Our people, seeing clear-eyed the issue at stake, proved their loyalty to the Christian principles of freedom, justice and mercy—the righteousness which exalteth a nation—and, in a generous devotion thereto, poured out, in unprecedented measure, life, service and treasure. As a result of this we now have a better understanding of world problems, our place and function therein, and the duty of fitting ourselves to the moulding of our personal and national life at this time, when so many problems, spiritual, social and economic confront us. It is essential, therefore, that the church should arise to the opportunity and since she has assumed the leadership in this direction it behooves the laity, the people, to come forward and strengthen the church in her power, her organization and her plans.

PREVENT UNEMPLOYMENT.

Next year will be well advanced before Canada's main expenditures for war can be completed. Every dollar that can be raised for the Victory Loan 1919 will be required.

Although hostilities ceased in 1918 the war expenses went on. This is just as much a war year as last year was, as far as the money is concerned. Pressing liabilities incurred by the war and involving vast sums of money have to be cared for. The simplest and most profitable manner in which this can be done is for the people to provide the money themselves.

The Victory Loan 1919 is entitled to just as much consideration as was given to its predecessor. It is up to every loyal Canadian to do his utmost to make the new loan an overwhelming success. The continuance of the prosperity of the nation is wholly dependent upon it.

It was naturally to be expected that trade depression in the Dominion would have followed the armistice but this was averted by the application of a large proportion of the last Victory Loan as credits to Great Britain and our Allies for grain, dairy produce, fish, lumber and ships. These credits were absolutely necessary, and strictly good business. They must be continued. They are national re-investments. The debts will be paid eventually and in the meantime industrial and agricultural workers will be kept in busy and lucrative employment.

There are thirty-four thousand motor cars in Alberta. Some one has figured that this is one car for every third family. It is some consolation to those who haven't one to feel that they are in the set with the first and second families.

Up in Calgary the other day the mayor of Edmonton went out of his way to take a crack at the newspapers to which one of the papers concerned, replied: "It is perhaps as well that newspapers are more moderate and do not give in the same manner their opinions of the real danger to the community of yellow mayors."

When the cold north wind starts to blow like it did yesterday, and the snow begins to fly,

and you go home in the evening, and open up the gas valve another half turn, and think of the days you used to have to splitting kindling and shovel coal—ain't it a grand and glorious feeling."

Statisticians figure out that the eight-day railway strike in Britain meant a national loss of fifty million pounds. Still we wonder what causes the high cost of living.

According to reports the Alberta government is drilling for oil up in the northern part of the province. Whimper—can it be possible that Premier Stewart thinks the U. F. A. is getting too fresh?

It now appears that owing to the labor troubles brought on by the O. B. U. activities, British Columbia lost fifty per cent of her lumber and mining business for the year. For plagues the "U" hasn't much on the O. B. U.

Don't do any complaining about this little dip in the weather—you know this is just what is needed—for next year.

Probably No Federal

Election until 1921

As a result of the decision of the Unionist members to stand behind the government on the platform proposed by Sir Robert Borden, it is taken for granted now that there will be no election until 1921. Next session the platform which was laid before the members will be again under consideration, and it is the general belief that it will form the basis for a platform for the permanent party.

Those who were anxious for immediate action in the formation of a permanent new party are naturally disappointed, but the policy adopted of going forward step by step was the only one which Sir Robert found he could adopt without forcing an immediate political crisis.

Col. E. M. House, of the American peace delegation, accompanied by Mrs. House, left Paris for Great Britain Monday.

They sailed for the United States Monday on the steamship Northern Pacific.

Education Pays on The Farm

Statistics show that farmers who have had an education make larger incomes than those who have received but little schooling.

An education is more necessary now than it was thirty years ago. Farming has changed greatly in this period. Then, farmers cut their grain with a cradle, bound it by hand and threshed it with a flail, well in buckets. They treated their mares, cattle for "hallow" and "calf" in the fall, and planted their grain "in the snow."

The horse and the ox were their only means of transportation. The sheep houses had no conveniences; houses were lit with candles; the kitchen equipment consisted largely of hard work.

Now, the farmers have larger farms. They cut and bind their grain with binders and thresh with engine driven separators. They frequently plow with tractors and many own automobiles. They select varieties of grain that are known to give larger returns than the ordinary varieties. They treat their need to control diseases and plant at rates per acre, which experiments have shown to give maximum yields. They select improved types of breeding animals and feed their stock in accordance with knowledge derived from the chemistry of foods. The farm houses have been greatly improved.

To keep up with the times and to make the most money from the farm one should know how to farm in accordance with the most improved methods. You can learn these methods at the O. B. U. School of Agriculture. Education pays; you can learn it in a few months what it would take years of experience to give you. Talk with any ex-student of the school.

Classes in Agriculture and Domestic Science commencing on October 29th. For particulars write F. S. GRISDALE, Principal, School of Agriculture, Olds, Alberta.

The Expenditure of \$610,000,000

How the last
Victory Loan
was spent

For
Demobilization

For Trade
Extension

BEFORE buying Victory Bonds again you may want to know how Canada used the money you loaned her last year.

Canada borrowed the money to carry on the war and to provide credits for Great Britain and our Allies.

CONSIDERABLY more than one-half of the Victory Loan 1918 was spent on our soldiers. This included \$312,900,000 for paying them, feeding them, bringing them home, separation allowances to their dependents, maintenance of medical services and vocational training schools.

\$59,000,000 of the Victory Loan 1918 was paid on account of authorized Soldiers' gratuities.

\$9,000,000 was spent at Halifax for relief and reconstruction after the disaster.

Other disbursements were not, strictly speaking, expenditures, but National Re-investments.

To Great Britain for example:

\$173,500,000 was loaned for the purchase of our wheat and cereals.

\$9,000,000 for our fish.

\$30,000,000 for other Foodstuffs.

\$2,900,000 for Canadian built ships.

\$5,500,000 to pay other British obligations in Canada.

Making in all \$220,900,000 advanced to Great Britain.

To our Allies, we loaned \$8,200,000 for the purchase of Canadian foodstuffs, raw material and manufactured products.

The Re-investments will be paid back to Canada in due time, with interest.

These credits were absolutely necessary to secure the orders for Canada because cash purchases were impossible.

They have had the effect of tremendously helping agricultural and industrial workers to tide over the depression that would have followed the Armistice, had we not made these credit loans.

As far as money is concerned, 1919 has been, and is still—just as much a war year as 1918. Our main expenditures for war cannot be completed until well on into 1920. Thus another Victory Loan is necessary—Get ready to buy.

Victory Loan 1919

"Every Dollar Spent in Canada"

Issued by Canada's Victory Loan Committee
in co-operation with the Minister of Finance
of the Dominion of Canada.

Premising Ontario

Linen Industry

With the installation of modern web-spinning machinery, complete a firm at Guelph, Ontario, is now turning out web-spin linen yarns from flax grown in that province. A flax spinning mill, operating in conjunction with the linen mill, makes the industry a self-contained one, able to turn out grades from raw flax to finished goods. During the war the plant was running on cotton, and on goods, because of the difficulty of getting Irish yarn; but with a steady supply of Canadian spin linen yarns now assured, it is turning out a full line of all the finer linen goods, as well as the coarse towelling, bedsheetings, etc.

... development of flax spinning will have a stimulating effect on the growing of flax by Ontario farmers. Ontario flax has in the past been found acceptable by Irish linen manufacturers in the production of the famous Irish flannels. A newly invented Canadian machine to harvest the flax, which, for purposes of raising, may be sown, just cut, is expected to reduce labor costs greatly.

British Railway

Strike Expensive

The strike of railway men which has been in progress upon the British railroads since midnight, September 26, was settled last Sunday.

Settlement following a meeting between Prime Minister, Lloyd George, and members of the executive board of the national union of railway men, which was arranged between Andrew Bonar Law and the conciliation of trades union.

According to the terms of the settlement wages will be established at present level until September 30, 1920, but may be revised in other circumstances then existing. Minimum of adult railway men in Great Britain shall not be less than 51 shillings per week under present living rate; no victimization of strikers, and men who returned to work or kept at work will not be grieved out by the strikers.

Carnival of Anarchy

And Crime in Russia

Major A. Eastham, who has just returned from Slav country, tells some tales of torture, atrocities to women, looting and wholesale murder by Mongolian mercenaries and Russian peasants. In describing conditions in Bolshevik Russia, Major Eastham says:

"Pirates and murderers are foully murdered; everybody with any claim to education has the same fate; all churches destroyed and the whole social fabric shattered and dead property confiscated and women forced into slavery and men compelled to join the army, and the only alternative to be disabled or tortured and then killed."

"Over a left weeks without burial, burning and ruthless pillage throughout the land. These are the conditions that obtain in Bolshevik Russia today, and it is what the Bolsheviks would like to see in every country in the world."

Victory Loan 1919 Campaign Has Started

The Southern Alberta Victory Loan Committee is off to a good start.

Committees have been organized in every district capable have been organized and the campaign has been well commenced. Southern Alberta has raised nearly one million dollars for the Victory Loan. This year it is expected that one-half million dollars will be raised.

In some places, owing to poor crops, people may think themselves too hard up to subscribe to Victory Loan, but that is a mistake. A man may be too hard up to subscribe as much as he would like to, but in this country he cannot be too hard up to subscribe at all. Therefore, the thing that is to be considered is not "Can I subscribe?" but "How much can I subscribe?"

There are very many reasons for subscribing to the Victory Loan. It will help the returned soldiers. In fact, the plans for helping the returned soldiers could not go on without the Victory Loan. Every returned soldier should be an enthusiastic booster for the Victory Loan, because without it there is no use in talking about the money or anything like that. So the money would not be there.

It will help the very farmer. It would be a booster for the Victory Loan, for the good price he is getting for his crops. The Victory Loan will move out and the money will move in.

It will increase prosperity. Canada has subscribed about a billion dollars to the war effort. The money, and every time it has not over a loss the bank savings throughout the Dominion greatly increased. Subscribing to the Victory Loan is the saving out money with one hand and taking a look with the other in increasing

A Canadian Cemetery

In Siberia Complete

Those who served with the C. E. F. in Siberia will doubtless be interested to know that before the entire force has been evacuated the work on the Canadian plot for the Russian naval cemetery, near Vladivostok, has been almost completed. This very important undertaking was most satisfactorily carried out by stone masons from amongst the Czech-Slovak troops, under the direction of the Canadian force headquarters.

The plot is only a side of beauty of which Canada may indeed be proud. The cemetery monument was unveiled by Major-General J. H. Kinley, C. B., on Sunday, June 1, in the presence of a large inter-allied gathering.

A number of very beautiful photographs of this cemetery has lately been received from the State. Copies of these in postcard size may be had on application to the Rev. H. McCausland, 24 East street, Toronto, who acted as senior chaplain with the force.

New Regulations

Re Cattle Inspection

Regulations covering the establishment and maintenance of a "laboratory free" herd of cattle are provided in an order-in-council published in the current issue of The Canada Gazette. These regulations are the result of a meeting of the committee on the subject of controlling tuberculosis and a cattle from which are admitted to Canada without inspection for tuberculosis, the system is introduced in Canada on the authorized willing of the United States authorities to a reciprocal in admitting Canadian cattle under the same conditions.

No Excuse For

Men to Be Idle

Reading the figures published by the employment bureau of the government, which are dated for a few months ago, since that time the situation has completely reversed and now instead of having a list of applications for positions, there are on the records of the bureau the names of many firms and individuals clamoring for men to fill jobs.

Individuals who were unemployed in satisfying the demands of employers of labor for nearly 700 men, there were 1,000 men required to fill positions of various kinds, and it was only 204 men to fill 287 of these.

Moose Jaw Shoe Men

Make Good Profits

Moose Jaw citizens are paying anything from 50 to 60 per cent on the wholesale price for boots and shoes, according to the evidence given before the board of commerce. Three witnesses from the largest retail houses were called to the stand. The rate of profit varied, they stated, the novelty shoe bringing the highest and the commonest shoes sold at a 50 per cent profit.

PRESIDENT J. H. FINLEY, who will speak before the National Educational Conference in Winnipeg, October 20th, 21st and 22nd.

Drill For Salt

In This Province

There are several salt beds in Alberta and drilling for salt has already commenced. An official of the department of mines announced that the salt was being drilled for at Fort McMurray, Alberta. An outfit with seven men has just been sent in by the provincial government and it is expected that the drilling will be finished by the end of October. The natural deposit of salt is located in the town of Fort McMurray, and it will be available for speedy transportation. According to previous investigations, there is a bed 180 feet deep lying 480 feet below the surface. Prof. Allen, of Alberta University, was sent in by the provincial government two months ago and he reported very favorably. It is not yet decided whether the government will mine the salt in case everything is found as expected, or whether it will turn the work over to a company.

TOWN OF REDCLIFF

REVISION ON VOTERS LIST.

The Voters' List of the Town of Redcliff is now completed, and may be inspected at the office of the Secretary-Treasurer between the hours of 9 a. m. and 5 p. m., except Saturday, and on last day between 9 a. m. and 12 noon. Any person having the necessary qualification and whose name has been omitted from the list, is requested to immediately make application to the office, in order that his or her name may be added.

F. H. COURTNELL, Secretary-Treasurer, September 3rd, 1919.

THE REDCLIFF REVIEW

NEW TIME TABLE

FOR C. P. R. TRAINS.

The following is the new schedule of the C. P. R. which goes into effect on June 1st, giving a list of the time trains pass through here after that date:

GOING WEST.

No. 5 leaves Redcliff 1.30 p. m.
No. 13 leaves Redcliff 10.50 p. m.

GOING EAST.

No. 4 leaves Redcliff 8.30 p. m.
No. 14 (flag) leaves Redcliff 4.40 a. m.
This is railroad time, which means that anyone wishing to take a train should be at the depot one hour earlier.

ITEMS OF LOCAL INTEREST

Boy's Jerseys at Gibson & Tupper.

N. Larson and N. Huseby, of the Box Springs district, left last week for a trip through Northern Alberta.

Call in and see the new line of coat sweaters and pullovers at Gibson & Tupper.

Mr. and Mrs. Norris, of Medicine Hat, spent last week in town visiting Mrs. Norris' parents, Mr. and Mrs. W. Gray.

Mrs. Lemon, who has been visiting her sons in the Bowell district, and her daughter in Medicine Hat, left for her home in Owen Sound last evening.

All football players who have in their possession suits belonging to the football club are requested to hand them in to Donald McLachlan as soon as convenient.

Mrs. Nellie McAllen of Los Angeles, Cal., dropped on at Redcliff for a few days to visit her cousin, Rev. Dr. Shearer, whom she had not seen for twenty years.

Keep in mind the chicken supper and dance at Bowell tomorrow (Friday) evening. This is a reception for the returned soldiers of the district. Everybody will be welcome. Tickets 50c, children half price.

Lieut. John Turner, who is at present the guest of the Manse, will address a meeting of the G. W. V. A. in their rooms on Sunday afternoon. Every returned soldier living in or near Redcliff should be present.

J. Brockie, who has been farming in the Box Springs district, has sold out his farm, stock and implements to T. Evans of Medicine Hat. Mr. Brockie and family left last week by motor for a trip up north of Edmonton.

There was a good attendance at the whist drive and dance in St. Ambrose parish hall last Monday evening, and a most enjoyable evening was spent. Mrs. E. P. Argue and R. Towle won the prizes in the whist competition. Active refreshments were served the evening was brought to a close with a nice dance.

The G. W. V. A. club room was well filled last Friday evening for the whist drive which took place on that evening. The play was clear throughout and thoroughly enjoyed. Miss Dutton won the ladies' first prize and Ted Osgood—the gentlemen's Miss Vernon and Mr. Dutton won the consolation. The evening was a great success.

Special thanksgiving services will be held in the Presbyterian church next Sunday. Rev. Dr. Shearer, the pastor, will be the preacher on both occasions. In the evening he will be assisted by Lieut. John Turner. The church is being tastefully decorated with fruits, vegetables and other tokens of God's goodness in providing for the needs of His creatures.

Children's Pullover Sweaters; all shades. Gibson & Tupper.

Mrs. E. P. Argue returned home last Saturday after spending a few weeks with friends in Regina.

Harold Allan, who has had charge of Mac's barber shop for the past six months, is leaving this week for Seattle.

Mr. and Mrs. Scilley and family intend leaving next week for Colorado, where Mr. Scilley has secured a position.

New line of Pannu velvet for trimmings & military purposes; black white and colors. Gibson & Tupper.

Quite a number from here went to Medicine Hat last Friday morning to see the Prince of Wales as he passed through.

Mrs. J. B. Reid of Maple Creek, stopped off for a few days here last week to visit her daughter, Mrs. E. L. Stoen.

Mr. and Mrs. H. Moore and family have moved to town again for the winter as they have taken up their residence in the Lockwood block.

J. H. Arlender leaves this end of this week on a holiday trip through the Rockies and down through the Pacific coast states.

Mr. and Mrs. W. T. Oates and family are preparing to move to Vancouver where they will reside in future. They expect to leave next week.

The Redcliff branch of the Dominion Labor party will hold a meeting in Reid's hall next Sunday, Oct. 12th, to complete the organization work for the branch. H. Jowett, president of the Alberta branch, will be the speaker for the occasion. All workers interested in their own welfare are asked to attend and a special invitation is extended to the ladies.

Word was received in town this week that Mrs. Fred Goodison, a former resident of Redcliff, had died and only at her home in Seattle last Saturday. Mrs. Goodison had a large circle of friends here, all of whom will regret to learn of her untimely death. It was only a few weeks ago that we recorded the birth of a baby son into the Goodison home.

A real live snake caused some excitement on Broadway last Saturday afternoon, and for a time interfered with business at the Broadway Dept. Store. It took up its position in the store doorway and succeeded in cutting off the traffic both in and out, until J. Jackson went over the top and engaged the intruder in an old fashioned charge. The snake dropped out of R. McCarty's top coat pocket and is supposed to have got there while he was having. When those who were standing around saw the snake it was a great relief to Bob.

BIRTH.

SCHMIDT—In Redcliff, on Sunday, October 8th, 1919, to Mr. and Mrs. Axel Schmidt, a daughter.

Ladies' Fancy Pullover Sweaters; all shades. Gibson & Tupper.

Lieut. Turner, who has just returned from overseas, is at present the guest of Dr. Shearer.

A teachers' convention for Southern Alberta will be held in Medicine Hat on the 6th of next month.

Next Monday will be observed as Thanksgiving Day throughout Canada. It will be observed as a public holiday.

Win. Smith, of Pittsburg, is at present visiting his sister Mrs. Fred Smith, of the Box Springs district.

A number of members of the local Masonic lodge are attending a special meeting of the order in Medicine Hat tonight.

Mrs. Geo. Delany, of Medicine Hat, is spending a few days in town this week visiting her sister, Miss Williams.

Winter vegetables; fine quality; beets and turnips, 35 lbs. for \$1.00. Overland Greenhouses, Redcliff; P. O. Box 112.

General Deneskin's troops are within 25 miles of Orel, on the road to Moscow, and the Bolshevik who have been opposing him are surrendering in great numbers, according to a wireless dispatch from the Cossack anti-Bolshevik commander receiver there.

Redcliff Orchestra

Is now prepared to make engagements for dances and all kinds of social evenings. Price reasonable.

For appointments write or see
BEL. CANN,
Box 44, Redcliff

DENTISTRY.

Holidays are now over and I will see in my office every day. Get your teeth filled before the cold weather comes on and avoid tooth aches.
... J. C. CLEARAY,.....
Sykes Block. Hours 9 to 5.

CANADIAN PACIFIC

Change in Train Service
